Helicopter Excursions

The number two activity on Maui is only 25 minutes away, departing from the Kahului Heliport. With over 75% of Maui considered "inaccessible", the helicopter is without a doubt the "ultimate exploration vehicle". Helicopters have opened up the incredible beauty of the interior portion of Maui: the remote Hana rainforest, Haleakala Crater, and hundreds of emerald valleys boasting thousands of waterfalls. Your flight will definitely be the highlight of your trip to Maui, and a memory you'll cherish forever. Tours are smooth, comfortable, and choreographed to music that is narrated by your pilot. Flights from 20 minutes to over 2 hours. Prices range from \$165.00 to \$375.00 per person. Private charters are also available.

Haleakala (House of the Sun)

Famous for sunrise trips, and the popular "downhill bike excursions". This destination is only 1 1/2 - 2 hours away. Imagine being picked up at the hotel around 2:30am and being driven up to the Haleakala Crater, the world's largest dormant volcano standing 10,023 ft above sea level, for sunrise above the clouds. If you ever wanted to feel like you were on the moon, here's your chance. 80% of Maui visitors go up for sunrise, and what better way to come down than on bicycles. Just picture this, 38 miles on a bike, and it's all downhill! If you are not a bike rider, we can accommodate those who just want a leisurely van tour. Bike tour prices range from \$100.00 to \$135.00 per person. Van tour prices range from \$54.00 to \$90.00 per person.

Heavenly Hana

For scenic tours to waterfalls and secluded beaches of Hana, this destination is approximately 3-1/2 hours away. Perhaps one of the most scenic drives on the planet is the infamous "Hana Highway". With over 54 one-lane bridges and 617 curves, this narrow two-lane road hardly passes for a highway, yet many brave its reputation to visit Maui's lush, tropical rainforest. Waterfalls, sea cliffs, dramatic coastline, Keanae Peninsula, the small village of Hana, Black Sand Beach, the Seven Sacred Pools, and much much more waits for the visitor. The best way to fully appreciate the area is via small van tour. The drivers know the road and where to stop, they are knowledgeable about what you'll be seeing and because they do the driving, you can relax and enjoy the sights! The trip to Hana is a long day, usually starting around 7:00am, and returning between 5:00 and 6:00pm. Trips range in capacity from 15 passengers down to private coach with 6 to 8 passengers in relative luxury. Prices range from \$80.00 to \$200.00 per person.

Luau

What visit to Hawaii would be complete without a luau? Besides an all you can eat Hawaiian style buffet, endless Mai tais and an open bar, be entertained by a fantastic Polynesian review.
